

# 2SB-404.2

AKA: *Chekov's Larva*

## Pick-up Points:

### Obverse Markers

- Characteristic small linear die gouge in Ike's ear
- DDO: up-line DDO, with doubling in motto, hair, LIBERTY.

### Reverse Markers

**Note:** *due to die clash repair, the reverse die can be identified in two distinct die stages, yielding 2SB-404.1 earlier/pre-clash, and 2SB-404.2 later/post-clash repair*

- DDR – up-line hub source DDR. Seen in ONE DOLLAR, olive leaf, FG, stars.

### 2SB-404.2 reverse markers

- No shadow associated with the earth (due to die abrasion treatment)
- "Extra lunar lines" present (no abrasion in that area)
- Fine die abrasions in Jaw Line clash area (Note: there are no observable obverse clashes or repairs)
- Die gouge next to T in UNITED, shooting star die scratches near star 5
- Fine die gouges near D in DOLLAR
